

THE ACCELERATED EDUCATION PROGRAM PRESENTS:

Liver IG/SBRT Education Course

March 3-5, 2022

Princess Margaret Cancer Centre, Toronto, Canada

Join us for an exciting on-site CME course, led by **Dr. Aisling Barry** and **Dr. Laura Dawson**, internationally respected radiation oncologist. Experience an intimate, immersive learning environment, where you and expert clinicians will spend 2.5 days discussing relevant clinical, pathologic, radiobiological, oncologic and technological principles that guide the assessment, decision-making and treatment of patients diagnosed with HCC or metastatic liver disease. This course is targeted at all radiation medicine professionals.

*The course is currently planned for an "in person" delivery. We will continue to monitor the situation and if necessary, may convert the course to a virtual or hybrid model. A final decision on format will be made in early 2022. Visit AEPeducation.ca for more information or contact us at aep@rmp.uhn.ca.

Guest faculty: **Dr. Cihan Gani**, *University of Tuebingen*

What to Expect:

- Mix of didactic lectures, discussions & hands-on experiences with interprofessional expert faculty
- Access to online pre- & post-course learning materials
- Accredited by CAMRT, RCPSC, MDCB
- Registration: \$2,500 CDN (for in-person)
