

Nova Scotia Health is the largest provider of health services in Nova Scotia, with some specialized services also offered to clients throughout Atlantic Canada. We're on a mission to achieve excellence in health, healing and learning through working together, which is reflected in the hospitals, health centres and community-based programs we operate across the province. Our passionate team of professionals provides a variety of high-quality inpatient and outpatient services including academic, tertiary, and quaternary care, as well as continuing care, primary health care, public health, and mental health and addictions. Join a diverse team of innovators, collaborators, and creative thinkers today.

Nova Scotia Health employs professionals in all corners of our beautiful province. We believe there's a place here for everyone to call home, from vibrant cities with exuberant nightlife to quaint towns with picturesque trails. The work-life balance that comes with a Nova Scotia Health role means you'll have the time to explore, discover, and participate in that coveted Atlantic lifestyle. Visit us today and check out www.novascotia.com to see why more people from across the globe are moving here.

Opportunity

The QE II Cancer Centre located in Halifax, NS is the largest cancer centre in the Atlantic Region, providing radiation services to Nova Scotians and specialized treatment for the region. With 7 linear accelerators, orthovoltage unit and brachytherapy we provide the latest treatment technology like Stereotactic, SABR and adaptive RT as well as research opportunities.

Financial support to help offset tuition costs may be provided based on a return of service agreement.

Potential candidates must be accepted to the Radiation Therapy program offered through The Michener Institute of Education at UHN/University of Toronto
www.medicalradiationsciences.ca

Preference will be given to Nova Scotia residents; however, candidates from outside Nova Scotia can apply.

Upon successful completion of Radiation Therapy Program candidates must also obtain license and registration with the Nova Scotia College of Medical Imaging and Radiation Therapy Professionals before they can be hired. [Home | Nova Scotia College of MIRTP \(nscmirtp.ca\)](#)
